

## 2023 FCRP Scholarship Application

*As both a Quaker and Jungian community with the intent of inspiring inner journeys for change in the world, FCRP offers scholarships. The Scholarship Rep will review applications and will provide a scholarship discount code to those who are awarded. The discount for 2023 is either 25% or 50% of the full conference registration fee. When registering, awarded applicants will enter the discount code that will be sent to them, and will then pay the remaining amount due. If an applicant also seeks conference funding from other Quaker organizations, we request that instructions be given to the funder to send the monies directly to the applicant, and NOT to FCRP. Those planning the Friends Conference on Religion and Psychology appreciate your interest and your desire to attend.*
