

**FOR THOSE INTERESTED IN
CONTINUING EDUCATION CREDITS:**

This workshop has been approved to offer up to 13 Continuing Education Credits (CEUs) by the Friends Conference on Religion and Psychology. FCRP is an approved provider of continuing education by the PA State Board of Social Workers, Marriage and Family Therapists, and Professional Counselors (Approval # SWPR005467). FCRP maintains responsibility for all programs. Clinicians from other states should check with their licensing boards for reciprocity agreements.

Those seeking CEUs must:

1. Indicate their interest during registration,
2. Confirm attendance each day, and
3. Complete an evaluation at the close of the conference.

Certificates will be mailed within 2 weeks once all requirements are met.

Clinical Objectives:

At completion, participants should be able to:

1. Describe two key elements that differentiate working from a Jungian, spiritual, and psychedelic/transcendent experience-informed lens.
2. Identify two ways you, as a clinician, can support clients who wish to explore or integrate transcendent, spiritual, or sacred experiences in their therapeutic journey.

When registering for the conference, please be sure to indicate your interest by answering the related questions on the Registration Form. Thank you.
